Your pictures will speak more than a Thousand words when Ken is behind the camera.

With more than 20 years of experience, Ken masters the craft of photographing weddings and special occasions while unobtrusively working his way around your friends and family as he captures the flower girls spreading rose petals from their baskets, the ring bearer raising the satin white lace pillow to the groom; and the first kiss, first smile and first waltz as two people in love now joined as one. Ken and his professional and creative team capture these magical moments in lofts, mansions, lodges, gardens, estates, parks and banquet and wedding halls. Wherever your wedding may be, Ken and his team won't just tell a story, we'll tell you're story, from behind the lens.
